- Carbide Tipped Wood Cutters (#PSCWB), Aluminum Cutters (#PSNAB), Plunging Cutters (#PSPD) and Wood Cutting Bits for Small Bore System (PSWB) available for DBB Lock Morticer.
- The DBB Lock Morticer's unique cutter design means its cutters can be changed and fitted in seconds, while the jig is in position on the door
- The specifically designed cutting edges are chisel shaped to cut deep without clogging
- 12 common sizes available
- View full details and current pricing on mbausa.com

PRICE RANGE.....\$29.75-\$65.00

Prices vary by cutter size and type.

DBB LOCK MORTICER

- Used and acclaimed by locksmiths and builders alike, the DBB morticer has proved itself an invaluable tool for anyone who fits mortice locks.
- This clever jig cuts a mortice for both the lock body AND the face-plate quickly and easily--saving time and money.
- Vertical guides, plus height and depth stops mean you cut where you want--never where you didn't intend.
- The basic kit includes the three most common carbide-tipped wood cutting bits.
- These are 3/4" (PSCWB19), 7/8" (PSCWB22), and 1" (PSCWB25).
- A wide array of additional wood-cutting and aluminum-cutting bits are available separately.
- Imported from England.
- Full details and current pricing on mbausa.com

- Full details and current pricing on all StrongArm products on mbausa.com

PRICE RANGE.....\$6.00 - \$50.00

Prices vary by bit size and type.

2 LEVER PICKSET

- These picks will open the majority of the 2 and 3 lever locks in use today: Yale, Union, Legge, Gibbons, Fleet, Century, etc.
- Hardened and tempered for strength.
- Thin enough to enter bullet warded locks.
- 7 picks in the 2 lever set and 15 picks in the 3 lever set.
- Supplied with instructions.
- Full details and current pricing on mbausa.com

#PS28.....\$27.50

ELECTRONIC LOCK PICK SET

- High power in a compact tool
- Six month warranty for both parts and labor
- Powerful long life motor designed for the E500XT for optimum performance
- Powered by rechargeable Ni-Cad, NiMH or standard Alkaline "C" cell batteries
- Includes 4 picking needles, 4 tension tools, hex wrench, and a top grain leather case
- Full details and current pricing on mbausa.com

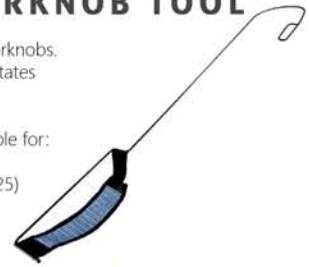

#SO-E500XT.....\$169.95

BEN-JIM DOORKNOB TOOL

- An under the door tool that opens doorknobs.
- A simple patented design grabs and rotates door knobs with little skill or practice.
- Designed by a team of locksmiths
- Additional Ben-Jim products are available for:
 - Lever Opening Tool (#BJ02: \$125)
 - Panic Bar Opening Tool (#BJ03: \$125)
- Full details and current pricing on mbausa.com

#BJ01.....\$125.00

COMB LOCK PICK SET

- Effective against many different padlocks
- The combs lift the bottom pins above the shearline, allowing the plug to rotate and open
- Five different double-ended tools, which give you a total of ten combs. Different spacing and lift are what make the combs unique from each other
- The most likely padlocks to target with combs are solid body locks that have the pin chambers drilled entirely through the lock body
- Full details and current pricing on mbausa.com

#SO-PXC5.....\$33.90

MAUER 71111 DELUXE DECODER

- This dedicated kit is designed for the advanced Safe Technician who prides himself on clean, professional openings.
- With this kit and a good working knowledge of lever locks you can decode the Mauer 71111 and open it using the included variable key.
- Comes with all necessary parts and tools.
- Includes two KD Mauer locks which are specially selected to give the user experience reading all 6 possible key depths.
- Full details and current pricing on mbausa.com

#MB50.....\$2,450.00

FALKE PICK SET

- MBA USA has sold these picks since our first catalog and we are pleased to continue to make them available!
- Four adjustable and six fixed tension tools grab both the top and bottom of the keyway to give you tremendous control.
- A pick does only one thing - lift pins; therefore, a good pick should be thin enough to get into narrow keyways, plus be available in a wide range of curves to let you lift even the shortest, farthest pin to the shear line.
- Our remarkable pick set takes advantage of this fact to improve your picking success rate!
- Full details and current pricing on mbausa.com

DBB LOCK MORTICER WITH 8 CUTTERS AND LONG SHAFT

Our all-new Morticer kit takes our hugely popular DBB Lock Morticer kit and adds 5 additional cutters and a long boring shaft.

This clever jig cuts a mortice for both the lock body AND the face-plate quickly and easily--saving time and money. Vertical guides, plus height and depth stops mean you cut where you want--never where you didn't intend.

The kit includes eight common-sized carbide-tipped wood cutting bits.

Included with the standard kit:

- 3/4"/19mm (PSCWB19)
- 7/8"/22.2mm (PSCWB22)
- 1"/25.4mm (PSCWB25)

PLUS five additional carbide tipped wood cutting bits:

- 5/8"/16.2mm (PSCWB16)
- 15/16"/23.8mm (PSCWB24)
- 1-1/16"/27mm (PSCWB27)
- 1-1/8"/26.6mm (PSCWB29)
- 1-1/4"/31.8mm (PSCWB32)

**5 Extra
Cutters!**
