## HOW TO ORDER ONLINE

1. Create a *free* user account on MBAUSA.com. You can sign up as a General User, Security Professional or a member of Law Enforcement.
2. Log in to your user account on MBAUSA.com. If you are a security professional or law enforcement, you must be logged in to access and purchase restricted products, such as lock picks, safe opening tools, specialty tools and more.
3. Shop thousands of locks, tools and accessories on MBAUSA.com. Easily purchase products through our secure, seamless checkout with multiple payment options.

## PRICING & PRODUCTS

We reserve the right to change prices at any time and without notice. We may also change the contents of kits without notice by adding to, removing or substituting items as described in this catalog. Items restricted to locksmiths and security professionals are labeled. We are always happy to quote you current prices at the time you order any product. And remember, our website is more current than the catalog, so please log on often to check prices and new items added after the printing of this publication. Errors and omissions are subject to correction.

## NEW & FEATURED PRODUCTS

### BRAVO III AUTOMATIC DUPLICATOR KEY MACHINE

The Bravo III is a high precision, heavy duty semi-automatic key machine designed for ultra reliability and ease of use. The Bravo III key machine is provided with the CU50A cutter and a corresponding cutter guide. The durable cobalt steel cutter ensures a smooth, clean, accurate cut. The Bravo III is designed to duplicate common cylinder and automotive key blanks as well as Titan® and older GM® with 90 degree first cut biting characteristics.

- Wide spacing between vise jaws accommodates new longer keys and large headed keys.
- Versatile four-position EZ-Jaw® vise jaws securely grip virtually all residential, commercial, and automotive keys.
- Carriage is spring loaded, provides consistent cutting pressure, and reduces potential for miscuts.
- Automatic cutter start feature controlled by micro-switch is activated by raising or lowering the carriage.
- Precise adjustments. A tracer point with micrometer dial regulation makes it quick and easy to adjust depth of cut.
- Carriage release button can only be activated when the key gauges are in the down position.
- Two carriage shafts ensure sensitivity and precision in the cutting movement.
- Features a "soft-touch" deburring nylon brush.

## FLASH 008 SILCA COMPACT KEY DUPLICATOR

This mechanical, edge cut key duplicator model is an ideal choice for on-site, mobile jobs or counter tops where space may be limited. The Ilco Flash 008 will easily duplicate most edge cut cylinder, cruciform, large bow and long blade keys; including the larger, oversize style automotive keys.

- Four sided, nickel plated jaws for clamping the majority of all edge cut/flat type keys.
- Smooth jaw rotation by simply twisting into position.
- Slotted jaw surfaces accommodate tip stop bars and rigid shoulder gauge design allow for greater accuracy when loading and gauging keys.
- Wide spacing 3 1/2" (88.9 mm) spacing between clamps accommodate large bow (head) and long blade keys, including flip style keys.
- Depth tracer system with micro adjustment for precise calibration.
- Aluminum Titanium Nitride coated cutter for longer life, oxidation resistance.
- Electro-magnetic "main" safety switch with separate cutter motor switch for easy access.
- Mounting bracket included for securing the machine to counter.

## DBB DOOR LOCK MORTICER PACKAGE

- Used and acclaimed by locksmiths and builders alike, the DBB morticer has proven itself an invaluable tool for anyone who fits mortice locks.
- This clever jig cuts a mortice for both the lock body AND the face-plate quickly and easily - saving time and money.
- Vertical guides, plus height and depth stops mean you cut where you want, never where you didn't intend.
- The basic kit includes the three most common carbide-tipped wood cutting bits; these are 3/4"/19mm (#PSCWB19), 7/8"/22.2mm (#PSCWB22), and 1"/25.4mm (#PSCWB25).
- Includes Short Boring Shaft 4"/100mm deep (#PSJIG/SS).
- The DBB Door Lock Morticer Package is one of our most popular and top-selling products, sitewide.

## Celebrating 25 Years.

This year, MBA USA is proud to celebrate its 25th year of business.

We would like to thank all of our customers, colleagues, vendors and, most importantly, our friends throughout the industry, who have helped make MBA the company it is today.

### FULL LINEUP OF ILCO PRODUCTS NOW AT MBA USA! KEY MACHINES, KEY BLANKS, LOCKS, DOOR HARDWARE AND MORE.

FIND ILCO PRODUCTS  
ON PAGES 7-8 INSIDE.

#### FLASH 008 SILCA COMPACT KEY DUPLICATOR

This mechanical, edge cut key duplicator model is an ideal choice for on-site, mobile jobs or counter tops where space may be limited. The Ilco Flash 008 will easily duplicate most edge cut cylinder, cruciform, large bow and long blade keys; including the larger, oversize style automotive keys.

- Four sided, nickel plated jaws for clamping the majority of all edge cut/flat type keys.
- Smooth jaw rotation by simply twisting into position.
- Slotted jaw surfaces accommodate tip stop bars and rigid shoulder gauge design allow for greater accuracy when loading and gauging keys.
- Wide spacing 3 1/2" (88.9 mm) spacing between clamps accommodate large bow (head) and long blade keys, including flip style keys.
- Depth tracer system with micro adjustment for precise calibration.
- Aluminum Titanium Nitride coated cutter for longer life, oxidation resistance.
- Electro-magnetic "main" safety switch with separate cutter motor switch for easy access.
- Mounting bracket included for securing the machine to counter.
