Nicholasville, KY 40356

Dear Mr. Bates:

The SEALS Subcommittee has reviewed the course material and examinations provided for the GSA Certified Safe and Vault Technicians training program.

Attached is a list of editorial changes that need to be made to your course material.

Because these changes are considered minor in nature, you are hereby authorized to begin teaching the GSA Certified Safe and Vault Technicians course. It is our intention to have a member of the SEALS subcommittee audit the first course. Please let us know when the first course will be held.

If you have any questions, please contact me at (703) 605-9256.

Sincerely,

A handwritten signature in blue ink that reads "Chris Pollock".
